

Performance Summary as of December 31, 2018

Morgan Stanley Global Opportunities Index

The Morgan Stanley Global Opportunities Index (“The Index”) offers diversified access to global opportunities by investing in multiple asset classes representing equities, bonds and commodities. Sponsored by Morgan Stanley, it uses advanced proprietary strategies to attempt to identify the strongest investment trends in different market environments, while mitigating the effects of rising interest rates and limiting overall volatility. The Index targets a 5% annual volatility over the long term.

Performance

Morgan Stanley Global Opportunities Index is offered by Delaware Life Insurance Company as an allocation option in Retirement Stages 7[®]. Fixed Index Annuity.

Retirement Stages 7[®]. Fixed Index Annuity is a flexible premium deferred fixed index annuity geared to conservative, retirement-oriented clients who want protection from market losses, but like the idea of some upside potential.

It offers:

- A choice of index options available only from Delaware Life.
- Attractive income potential, including an optional rider that provides guaranteed lifetime income – STAIR[®]. (Stacked Accumulation Income Rider[®].) available for an additional fee – 4% annual roll-up added to aggregate credited rate during first 15 contract years.
- Return of Premium Rider (ROP) – owner may surrender at any time prior to the annuity date and receive 100% of the premiums, minus applicable prior withdrawals. Available for an additional cost. Restrictions may apply.
- Client-friendly Bailout Endorsement at no additional cost – allows for full or partial withdrawals from the contract without surrender charge or market value adjustment if the renewal cap for the S&P 500[®]. 1-year point-to-point strategy is below the bailout cap rate.

Note on Simulated Returns:

The Index has a limited performance history and, as with any index, past performance is no indication of future performance. The Index has been in existence since July 21, 2017. Ending values in years prior to inception are determined by Morgan Stanley & Co. LLC on a hypothetical basis using statistical analysis and hypothetical circumstances to estimate how the Index may have performed. The actual future performance of the Index may vary significantly from the results obtained from the hypothetical analysis. Morgan Stanley provides no assurance or guarantee that any product linked to the Index will operate or would have operated in the past in a manner consistent with what is shown in these hypothetical examples. Actual future results will vary, perhaps materially, from the hypothetical values used and presented in this document. Certain index components existed for only a portion of the back-tested period; in such cases, substitute data has been used for portions of the simulation.
